Product Disclosure Statement changes

We are updating the Product Disclosure Statement ('PDS') for investors in the Strategic Investment Service Funds ('the Funds') as shown below. The new PDS will be available by logging into North online from 29 September 2023.

Fund	ARSN	APIR Code	PDS location
ipac Strategic Investment Service - Inflation Plus 4 Strategy	092 488 732	IPA0012AU	
ipac Strategic Investment Service - Inflation Plus 6 Strategy	092 483 700	IPA0013AU	Log into North online
ipac Strategic Investment Service - Inflation Plus 7 Strategy	092 487 860	IPA0034AU	

The key changes include, but are not limited to:

- Removing our fax number for withdrawal requests
- Updated disclosure of fees and costs
- Change of investment objective
- Updated asset allocations

Full details of the changes can be found in the PDS. As always, we recommend you read this document to understand the main benefits and risks of investing, along with other features of the Funds.

Indirect investors should also consider the Target Market Determination (TMD) for a Fund before making an investment decision to consider whether a Fund is appropriate for them. A TMD in respect of a Fund is available at amp.com.au/investments-tmd.

Removing our fax number when making withdrawal requests

From 30 November 2023, any future requests to withdraw from the Funds will not be able to be sent to our fax number (1800 630 066), as this number will no longer be available. For alternative methods to make a withdrawal request, you may send an instruction via email to ampi_transactions@unitregistry.com.au, via the Calastone electronic trading system (which is our approved electronic trading system), or by mail to National Mutual Funds Management Ltd - Unit Registry, GPO Box 804, Melbourne VIC 3001.

What will happen if an instruction is sent to the fax number 1800 630 066?

After 30 November 2023, if your withdrawal request is sent to the fax number, the transaction will not go through. In this case, we would unfortunately not be able to process your withdrawal request on your investment until the request is sent by an alternative method, as shown above.

Updated disclosure of fees and costs

While there have been no changes to the fee structure that applies, our estimates of certain fees and costs for the Funds have been updated following our latest review, to ensure they accurately reflect the costs of managing the Funds. Full details can be found in the PDS. As always, we recommend you read this document to understand the main benefits and risks of investing, along with other features of the Funds.
